

1467C Thor Long Pant (no fly)

keeps the body warm & dry

Extremely comfortable, lightweight functional bodywear set for intensive physical exertion or stop-and-go activities in fair and cold conditions. The fabric has excellent moisture transport properties and therefore offers a high level of comfort. At the same time it insulates against cold, ensuring the body temperature remains constant.

fiber technology

Polyester on the inside provides excellent thermoregulation and comfort. Polyester base layers wick moisture away from the skin, breathe efficiently and dry fast to provide a foundation of comfort and temperature regulation for any activity.

hygiene and freshness technology

The **SILVERPLUS®** finish protects textiles from unpleasant body odors. This biocidal product for hygiene and freshness uses the power of silver to bring long-lasting antibacterial properties to garments. The technology is eco-friendly and conforms to **bluesign®** and **OEKO-TEX® Standard 100**.

care instructions

no fabric softener | wash dark colors separately

1467C Thor Long Pant (no fly)

style information

style number: 1467
